PROFESSIONAL SUMMARY

Results-driven Project Manager and Scrum Master with 16+ years of experience delivering large-scale Agile/Scrum programmes and enterprise PMO governance across global distributed teams. Proven track record in end-to-end delivery of enterprise platforms, mobile applications, and AI-powered solutions across Telecom, Banking & Financial Services, and Learning & Development domains. Consistently reduced delivery cycle times, managed 100+ stakeholder ecosystems, and led cross-functional teams spanning UK, US, and India time zones. Actively seeking Senior PM / Scrum Master opportunities in Chennai.

CORE COMPETENCIES

Agile / Scrum Delivery	**PMO Governance**	**Programme Management**	**Stakeholder Management**
RAID Management	**SDLC Oversight**	**Budget & Forecasting**	**Resource Management**
JIRA & Confluence	**MS Project**	**Change Management**	**Vendor Management**

KEY ACHIEVEMENTS

- Managed enterprise programmes impacting 32,000+ global users across distributed teams in UK, US, and India.
- Directed successful delivery of Aida AI and EAG Degreed platforms — rolled out to an entire global workforce.
- Won and secured a high-impact RFP for British Telecom in 2019, bringing a strategic engagement to Virtusa.
- Led transition from legacy Excel reporting to QlikView BI for BT, improving data visibility across the programme.
- Delivered 3 concurrent mobile production releases for BT and 3 Lyca Mobile applications at Plintron — all on time and within scope.
- Engaged 100+ stakeholders across BT OSS LOB governance, managing interdependencies and escalations.

PROFESSIONAL EXPERIENCE

JPMorgan Chase & Co.

Operations Analyst — Equities & Investment Banking *Dec 2025 – Apr 2026*

Strategic role taken to build hands-on Investment Banking and Equities Operations domain expertise, complementing 16 years of PM delivery experience.

- Performed trade reconciliation between exchange feeds and internal systems to ensure settlement accuracy and data integrity.
- Identified and root-cause-analysed trade breaks, routing exceptions to the appropriate resolution teams under tight SLAs.
- Coordinated across operations functions to ensure timely closure of reconciliation exceptions.
- Partnered with Alteryx automation teams to convert manual workflows into scalable automated processes.

Virtusa Consulting Services Pvt Ltd

Lead Consultant / Project Manager *Jul 2022 – Jan 2025*

- Led end-to-end Agile delivery for an enterprise-wide L&D platform serving 32,000+ global users.
- Directed the Aida AI platform implementation and EAG Degreed rollout — two of the organisation's highest-priority digital transformation initiatives.
- Served as Scrum Master: facilitated sprint planning, daily stand-ups, retrospectives, and backlog grooming; tracked velocity and burn-down.
- Drove continuous improvement cycles reducing sprint defect leakage by consistently tightening Definition of Done standards.

Senior Consultant / Project Manager *Jan 2021 – Jun 2022*

- Managed end-to-end delivery of 3 production mobile application releases for British Telecom using Agile methodology — all delivered on schedule.
- Led the DMDB Portal project, coordinating distributed Scrum teams across geographies and time zones.
- Governed BT OSS LOB portfolio, engaging and reporting to 100+ stakeholders including senior business and IT leadership.

Consultant – PMO *Dec 2016 – Dec 2020*

- Spearheaded PMO activities for BFSI clients including British Telecom, Centene, Fidelity, and American Express.
- Won and secured a strategic BT RFP in 2019, demonstrating solutioning, estimation, and proposal excellence.
- Managed transition from Excel-based reporting to QlikView dashboards for BT, improving data-driven decision-making.
- Owned project setup, resource allocation, RAID logs, and lifecycle governance in alignment with corporate standards.

Plintron Global Technology Solutions

Senior Test Engineer / Project Coordinator *Nov 2014 – Dec 2016*

- Managed the mobile development team for Lyca Mobile, overseeing end-to-end delivery of three applications: Lyca ePin (recharge), LycaChat (messaging platform), and LycaMobile app enhancement.
- Owned release certification including manual QA, regression testing, and UAT coordination for each application.
- Managed stakeholder communication and testing cycles, ensuring high-quality, defect-free production releases.

HCL Technologies Ltd

Analyst — QA & Claims (USAA Project) *Feb 2008 – Oct 2014*

- Progressed from support to QA roles, executing manual testing for USAA mobile and web platforms.
- Ensured cross-device compatibility and high-performance quality for USAA's digital banking platforms.
- Partnered with cross-functional development teams to certify performance and functionality ahead of each release cycle.
