PROFESSIONAL SUMMARY

Innovative AI Product Lead & Digital Transformation Leader with 12+ years of experience delivering enterprise-scale AI, GenAI, and automation initiatives. Proven success in leading Retrieval-Augmented Generation (RAG) models like 'FIS Concierge', Speech-to-Text, and Auto Speech Recognition (ASR) implementations, along with AI-powered Deposits Dispute Management (DDM) and Customer Complaints Management (CCM) solutions. Known for driving cross-functional collaboration, aligning AI strategy with business objectives, and ensuring scalability through effective API integration oversight (REST, Stream, and WebSocket).

CORE COMPETENCIES

- AI, GenAI & Agentic AI Implementation Leadership
- RAG Models & LLM Integration
- Speech-to-Text & Auto Speech Recognition (ASR)
- AI-Powered Banking Products (DDM & CCM)
- REST, Stream, WebSocket APIs – Leadership & Integration Oversight
- RPA Tools: UiPath, Automation Anywhere, Blue Prism, Power Automate
- Agile, Scrum, Waterfall Project Management
- Digital Process Transformation & Stakeholder Management

PROFESSIONAL EXPERIENCE

AI & RPA Product Lead

FIS Solutions India Pvt Ltd, Gurugram, Haryana | 2022 – Present

- Lead AI, GenAI, Agentic AI, and RPA projects across the enterprise, ensuring scalable and compliant implementation.
- Directed 'FIS Concierge' a Retrieval-Augmented Generation (RAG) based AI chatbot leveraging LLMs and vector databases for intelligent data retrieval.
- Led end-to-end implementation of AI-powered Deposits Dispute Management (DDM) and Customer Complaints Management (CCM) solutions, optimizing customer service and regulatory compliance.
- Oversaw integration of REST, Stream, and WebSocket APIs to ensure seamless connectivity across AI systems.
- Guided deployment of Speech-to-Text and Auto Speech Recognition (ASR) models for enhanced call analytics and compliance tracking.
- Collaborated with enterprise architects, engineers, and business stakeholders to drive AI architecture alignment and performance outcomes.
- Delivered over 100 AI and RPA projects, reducing processing time by up to 90% and generating significant operational savings.
- Received multiple client recognitions (Seacoast National Bank, F&M Trust Bank, S&T Bank, Wesbanco Bank, Coastal Community Bank) for outstanding delivery and innovation.

RPA Project Manager

Accenture India, Gurugram, Haryana | Feb 2018 – Jan 2022

- Spearheaded end-to-end RPA project delivery across Order-to-Cash (O2C) and Procure-to-Pay (P2P) transformation programs, managing cross-functional teams of developers, business analysts, and QA engineers.
- Led a high-impact P2P Transformation initiative leveraging RPA (UiPath & Automation Anywhere) to automate invoice processing, purchase order matching, vendor master data validation, and payment reconciliation – reducing manual processing time by 75% and achieving $1.2M in annual operational savings.
- Directed O2C process automation covering customer order ingestion, credit checks, billing, and collections – driving end-to-end cycle time reduction of 60% through bot-led workflows integrated with SAP and CRM platforms.

- Managed full project lifecycle from business case development, RPA CoE engagement, and solution design through UAT, hypercare, and production stabilization using Agile/Scrum methodologies.
- Oversaw creation of Process Definition Documents (PDDs) and Solution Design Documents (SDDs), ensuring alignment between business requirements and RPA technical implementation.
- Partnered with global stakeholders across Finance, Procurement, and IT to identify and prioritize automation opportunities, maintaining a pipeline of 30+ RPA candidates across O2C and P2P towers.
- Ensured compliance with internal controls, audit requirements, and data governance standards throughout all automation deployments.

Process Developer

Genpact India, Noida, Uttar Pradesh | Mar 2015 – Nov 2016

- Managed Accounts Receivables and Billing processes, ensuring data accuracy and timely reporting.
- Implemented improvements through automation opportunities and data analysis.

EDUCATION

Bachelor's in Commerce – University of Kashmir, Srinagar, J&K (2007–2009)

CERTIFICATIONS

- Prompt & Context Engineering – Udemy
- UiPath Certified Professional
- Automation Anywhere Advanced RPA Professional
- Robotic Development & SDLC Certification (Automation Anywhere)
- DBMS (Data Management Systems) – Stanford University

TECHNICAL SKILLS

- Tools: UiPath, Automation Anywhere, Blue Prism, Power Automate, JIRA, MS Power BI
- APIs: REST, Stream, WebSocket – Leadership in Implementation Oversight
- Platforms: MS Excel, PowerPoint, SAP, CITRIX
- Strengths: Strategic Planning, Leadership, Communication, and Analytical Thinking
