- KPI Reporting & Executive Dashboards
- CRM & Dynamics 365 Implementations
- Process Optimization & Workflow Automation
- Analytics, Power BI & Status Reporting
- Enterprise SaaS & Digital Transformation

PROFESSIONAL EXPERIENCE

Project Manager, AdGlobal 360 **Oct 2024 to Present**

Gurugram

- Led multivendor EV launch program with 7 partner vendors, overseeing delivery coordination, milestone tracking and stakeholder alignment across parallel workstreams.
- Delivered end-to-end CMS-based digital platforms for automotive clients, enabling lead generation, inventory management, and real-time content management.
- Led roadmap planning, milestone tracking, risks/issues, and delivery governance across distributed teams.
- Ensured sprint readiness through backlog prioritization, requirement validation, and capacity planning.
- Tracked delivery KPIs including velocity, defect leakage, automation, and test coverage to drive predictable releases.
- Acted as primary liaison for client leadership, managing onshore-offshore communication and stakeholder alignment.
- Delivered executive reporting for 20+ stakeholders through dashboards, KPI scorecards, Power BI reports, and release trackers.
- Managed resource planning across 3 concurrent workstreams, and distributed teams.
- Improved delivery predictability by implementing Agile, Hybrid, and SAFe-aligned practices.
- Optimized workflows and delivery coordination using Claude AI for requirement refinement, delivery analysis, and workflow optimization.
- Created executive presentations, project documentation, and structured knowledge repositories using NotebookLM

Consultant Project Manager, Bafflesol Technologies **Feb 2024 to Sept 2024**

Remote

- Managed enterprise initiatives on Microsoft Dynamics 365 Finance & Operations, Business Central, and Power Apps.
- Facilitated sprint planning, daily stand-ups, backlog refinement, retrospectives, and release tracking using Azure DevOps, Microsoft Copilot.
- Partnered with business stakeholders, clients and technical teams ensuring adherence to timelines, scope, and quality expectations.
- Provided regular project governance updates to senior leadership, including delivery status, RAID tracking, milestone reporting, and escalation management.
- Led client-facing engagements including solution walkthroughs, project demos, delivery presentations, and stakeholder discussions to communicate business value and secure alignment on proposed solutions.

Project Manager, ArthPe- Fintech Startup **Apr 2022 to Jan 2024**

New Delhi

- Managed technology initiatives for insurance and financial services clients involving customer onboarding, policy servicing, claims workflows, and CRM modernization.
- Coordinated delivery of digital platforms supporting customer engagement and financial product lifecycle management.
- Facilitated integration efforts between internal applications, CRM platforms, and third-party vendor systems.
- Ensured project execution aligned with compliance, security, and governance requirements within regulated BFSI environments.
- Supported implementation of secure workflows and data handling practices aligned with enterprise standards.

Fellowship, Teach for India **Jun 2020 to Apr 2022**

New Delhi

- Selected as a Fellow at Teach for India through a highly competitive process with an acceptance rate of approximately 4%, demonstrating strong leadership, communication, and problem-solving capabilities.
- Led and managed a classroom of students in a Delhi Government school, driving student engagement, academic growth, and holistic development in a high-impact, resource-constrained environment.
- Designed and delivered structured learning plans, stakeholder communication, and classroom operations while collaborating with school leadership, parents, and community members.
- Spearheaded a financial literacy initiative for underprivileged communities during the COVID-19 pandemic, creating awareness around budgeting, savings, and responsible financial practices.
- Executed data management project for New Delhi Municipal Corporation.

Associate Project Manager, iTRAC Technology **Aug 2015 to Jan 2020**

Noida

- Led end-to-end delivery of product features and internal tools across Banking & Finance, Retail & E-Commerce,

Healthcare, and CRM/Salesforce integration initiatives by coordinating planning, execution, and Agile ceremonies across engineering, QA, and business teams

- Translated business requirements into clear functional specifications and prioritized backlogs, ensuring readiness for development and alignment with release goals.
- Proactively identified and resolved blockers, managed cross-team dependencies, and maintained delivery adherence to timelines and quality expectations.
- Provided structured reporting to senior management through dashboards highlighting progress, risks, KPIs, and delivery insights to support informed decision-making.

EDUCATION

Rajiv Gandhi Technical University, Bhopal **Jun 2009 to Jun 2013**

B.E Information Technology
